## *FCMI 200 2005 CONFERENCE*

Lin Perry

### [FCMI-200 Conference View](#)

[Visiting with friends](#): Before the beginning of each teaching series we took time to visit with our old and new friends. It was refreshing to listen to the adventures and vision of our partners in the faith. Some of the stories were of energetic and animated joy. Others were of prayer and on-going desire for the word of the Lord to be readily seen. We know the Word says we walk by Faith and not by Sight yet it is exciting to see the Word of the Lord come to pass with increase of new saints coming into the churches and ministries.

**Speakers:** [Lin Perry](#) opened the conference with a renewed focus on the Great Commission given by our Lord and Savior! His emphasis was to make disciples who will take the good news to every nation!

[Bruce Bronoske](#) inspired us to see the God ordained teachers as Biblical visionaries who are life giving and exuberant instillers of the mind of Christ into the life of believers. Nothing boring here!

[Joe Miriello](#) overviewed the ministry of the Christ-chosen pastors whose love and joy is the care of the saints, the sheep of Christ's pasture.

[Scott McDonald](#) shared his hunger to mentor

those who desire to grow in their service with Christ.

[Don Buckel](#) communicated his perspective of the security a church is given by the process of incorporating. His knowledge and the supply of manuals he authored is very assuring of his knowledge of this subject.

[Susan Perry](#) stressed for the Ladies the power of a positive influence as we display our actions and attitudes at home, in the market place, our churches and nations of the world.

[Dennis Teague](#) did a fine job teaching the functional ministry of an apostle among the churches today. He has been church planting and overseeing churches for 20 years.

[Trevor Harris](#) is an amazing speaker. His gift of evangelism/teaching was wonderfully shown by his inspiring approach to teaching a minister to handle the Word of God.

[Feast for the journey](#) into the harvest: We ended the Conference again at a meal together.

[Music](#) was wonderfully presented by the ministers of music, Steve Pratt with Maureen Johnson and Larry Huffman with the team from Peace Assembly.

## VISITATION—HERE AND ABROAD

### Visiting the Churches:

Scott McDonald has been determined to spend time with all the churches of the fellowship that are within week-end driving range of his Federal Way work area. His passion to see the church of Christ grow has given him a wonderful style of ministry that has seen the joy of Christ in his teaching and the power of the Spirit during the time of prayer and impartation.

Christ has spoken, trained and commanded the saints to do the work of the ministry. **Do** the work of the Ministry.

Sometimes we pray, "Lord, is it your will to pray for healing? Is it your will to cast out the evil spirit?" Christ's response is like that of a police chief responding to a trooper asking if it is the will of the chief to ticket a speeding driver! It is an absurd inquiry! Certainly He wants us to obey what we have been taught and

**To Mexico:** Linnis-Susan and Scott McDonald will be taking a team to Mexico 15 Oct till 15 November. Meeting us there will be Mark Pearce & Terry Cahill from Australia. November 2 we will be joined by Trevor Harris as we visit assemblies and minister prophetically. Please pray for our success as we love the saints there.

## HIGHLIGHTS FROM WITHIN

### Recovery Ministries - Terry Dorn:

Recovery Ministries is an evangelical outreach connecting the church with those who are often overlooked or forgotten by society. Last winter they passed out many warm coats and blankets to the homeless in several cities in and around Washington State.

They also personally ministered and aided several persons with mental illness. *"I see the new evangelistic explosion as being to those who have been*

*diagnosed with psychological disturbances! The church of the future will be opening it's heart and it's doors to those who are tired of living a life wasting away, taking drugs and doing nothing! Psychology alone is not enough to experience the healing that our loving God has for each one of us!"* says Terry Dorn founder of Recovery Ministries.
