Hello again!

This is a special report from Susan Perry. I believe it will be of special interest to all the wonderful women she and I have met on our trips to Mexico, the Philippines, Indonesian, Micronesia and Australia. And of course, here in the USA.

FAMILY UPDATE

This past year has been a busy one with Church planting and helping Churches with struggles, which we delight to do. It is especially great when we see the church, the Pastor and his family growing. That is truly a joy unspeakable and full of glory.

In March, I joined our daughter, Michelle, in a home based business called Mary Kay. Now Michelle is my director and has earned her career car. At first I was only going to help Michelle by joining because I wouldn't have time to do a business with all the travel we do. But instead I jumped in with both feet and am really enjoying myself. My desire is to enrich ladie's lives however God gives me grace to do so.

Michelle is still home schooling with the help of the older children. Ward is still at the jail working hard. Sharayah, who will be 15 in March, is writing stories and drawing great pictures! Kayla has become the resident cook. She is 12 and loves every minute of bossing the kitchen. Christina, 9, is a big help to Mom with unpacking boxes of Mary Kay and helping Lessa, 7, with her reading. Edward is 4 and loves being the baby and boy of the family, sometimes to his sisters' dismay, especially when he eats the candy they just put in the customers bags as a special treat.

He just smiles.

Cathe and Kye are expecting our 11th grand baby! Please Lord let it be a boy!! But we will be just as pleased if it is a girl. Kye still works at Purdy, and is very busy. Cathe is still doing cosmetology and cutting hair, which she loves. She also just joined Mom and Michelle doing Mary Kay, which the girls just love. Beau is 15 and has grown taller than his Mom and Nana (that would be me) and is quite the good looking young man. Alexis is soon to be 14. She may seem small but what a tiger!! Blessyng is 10 and loving school as well as being the princess of the house. So she thinks. Ha-ha.

Mike and his girls are keeping busy. Mike is working in real estate helping people acquire loans. He is really learning a lot and enjoying helping others. Audrey is 15 and keeping busy with school and in her spare time there is a cell phone attached to her ear. Brittney is 12 and enjoying playing different instruments. First clarinet, then saxophone and now the flute. Also, she has been taking care of her animals and their babies. She wants to be a vet some day. Anyone who cries when a rat dies must love animals!

Keeping In Touch

February 2006

Lin & I have been busy traveling and loving it. We were in Mexico in Oct. & Nov. with a team from the U.S as well as two men from Australia. We had a great time in the Lord who really blessed the people and the team. We saw and listened to miracles of the presence of the Lord ministering to many in Mexico. It was marvelous!

We came home just in time for Thanksgiving and spent it with our children and grandchildren. In the celebration also were Ward's folks and siblings whom we really enjoyed.

Then we were off to Malaysia the first of Dec. , until the 20th. Besides speaking in different Churches there, we did a Youth Camp. It was called

Go M.A.D, which stands for "Go Make A Difference." This was the first time they had more boys than girls. It was exciting seeing the Lord move in their hearts and lives. Some stepped out for the first time and prayed with their peers and some even prophesied. It was great watching them move and grow in a new area in God's gifts.

We arrived home in time for Christmas with the family and Ward's folks again. I just didn't get my cards done while overseas. I am sorry about that but enjoyed coming home to all those Christmas cards and letters. Thank you all for keeping in touch with us.. They were fun to read and to hear from so many about what is happening in your lives.

We wish for each and everyone a very Blessed New Year and may this be the best Year ever in the Lord. May He bless you with all good blessings, health, wealth and many friends

and family. We pray you continually enjoy His abiding presence.

Prayer requests for 2006

1. As we travel to the different countries, that many churches will be encouraged and touched by the Lord. We pray their needs be met.
 2. Many Churches planted this year.
 3. As my business grows and prospers, we will have ability to bless and understand the pressures on the business people of the many churches. We pray they will be blessed to be a blessing for the work of Christ locally and internationally.
