AZUZZA STREET REVISITED?

When God Decides It's Time, it's TIME!

The following reports are from Lin and Sue in Australia. Remember as you read that today's 15 and 18 year olds will be tomorrow's world leaders.

GOD IS IN NEW ZEALAND.

"At a youth meeting in the town of Taupo the youth are on fire for God. Miracles are happening and these kids are worshipping all night. They run down to the altar and suddenly they start praying for each other and many are prophesying. These are not church kids. These are street kids with NO church background. The drummer stops drumming and stands with hands lifted high worshipping, tears flowing.... he is 15 years old. At the altar are kids only just saved, praying for others to receive Jesus, innumerable Baptisms in the Spirit, when one is filled they just go to another person and pray for them".

They were drawing on the Presence of God in a way I have not seen in years..... repentance and healing everywhere. It was awesome. We can only take our hands off and allow God to move and just watch as these young people touch God and each other in such a unique way.

This meeting was to have been a Woman's Conference, but the youth showed up and God just took over.

On Sunday we had a Baptism in the freezing cold lake. The youth came down and after baptizing those who had asked to be baptized, youth everywhere just cried out : they also wanted to be Baptized, and ran fully clothed into the Lake!!

AUSTRALIA

He was walking, smiling, saying "Good Morning, Millie!" as we strolled past the Real Estate office greeting the residents of the coastal Tasmanian village called St Helens. Cool, crisp air with a tint of mint was hovering as we greeted the lovely people that Pastor John had known most of his life. And they responded with "Morning, Pastor John" as we strolled past. I thought to myself, "Isn't this a wonderful thing, to be pastoring an entire village though being one of a half-dozen ministers in the hamlet, the people who attend other churches, non attendees and even atheists, know and love Pastor John."

We saw the same thing in other cities in Australia as we journeyed visiting pastors, churches and elder teams who are doing the "work of the ministry". We saw them loving, counseling and enjoying the growth of Christ in the 'normal' Christians who are living today as they lived in Bible times! They are grappling with issues that come into their life, many unexpected

They are grappling with issues that come into their life, many un-

expected and often unwanted

REMINESSING

As I look at the past months, I am reminded of our joyous trips as we have traversed the nations. The presence of Christ was shown in the spirit of grace as our team from USA was ministering in Latin nations. Lin was introduced to the Spanish speaking citizens. The translator said, "They are calling you Lim. This fits their tongue. It happens that way a lot when translating from one language to another!" So, Scott is Scoot, and Trevor is Trebble! And you know, the joy and wonder of the Lord is present in the middle of every conversation and encounter.

Having Jesus in the middle of our every move and action, chatting with Him as He lives inside us, is a real miracle that was promised to our ancestors in the covenants of Adam, Abraham and David. These are made real in our lives because of the wonderfully miraculous covenant we are living in today. We are living in a time that Eve, Abraham and David looked forward to with eager hope. We are living in the era, the age the Covenant of the Presence of "Christ in you, the hope of Glory".

Well, we have seen The Presence give prophesy to people we have never met before and hear the recipient saying, *"That is what I was saying this morning, in the car alone."*

And that evening, they knew that God was alive and intimately interested in every part of them. The Eternal All Present God, loves them! Then, seeing the glow on their face as they radiate the processing of the fact that they are not alone ever again.. changes their inner life from being alone to "I am always in the presence of God".

Salvation has come. New light has burst forth, and it shows in their radiant countenance and bright eyes!

Today, as in the Bible times, people like us are meeting the Lord for the first time and being changed forever! Sometimes it is a radical encounter. But many times it is quiet and deep, as the Mighty God takes a walk into the hidden caverns of our souls. Some doors in the secret past open with a screeching grind as the ancient deed is exposed to the eye of Love and Forgiveness. Jesus is doing what He does so well. Exposing, healing, restoring and making people whole! He is doing that right now! That is what He does. He is Present now.

So, we walk with Him. Sometimes we point out a door we cannot open, asking Him to open it for us. It is awesome seeing His tremendous abilities doing the seemingly impossible so effortlessly within our heart, in the shadows that are suddenly so crystal clear and bright, just because He is here. Healing and wholeness is come. Just because He is Present, here are suddenly so crystal clear and bright, just because He is here. Healing and wholeness is come. Just because He is Present, here, now and always

Prayer Points:

1. Pray with us that we will have the funds to take a team of 5 fold ministers to South America. We believe it will take about \$13,000 USD to minister in Mexico, Bolivia and Chile in 6 cities.
2. Pray that partners will join with us in prayer and giving money / donations for this journey to give the gospel to the hungry in Spirit and Soul!
3. Pray for safety and energy to traverse the cities that are asking us to come
4. Pray for the people, ministers and Churches that God wants us to visit and leave a glory in their lives!
5. Pray for guidance to know what the Lord would have you do as you read this *Keeping In Touch*.
